Rhymes

Vegetable Rainbow

There are many coloured vegetables,

There are good for you.

Carrots are orange, let's eat few.

Corn is yellow, tomatoes are red.

When you eat a rainbow,

You know you're well fed!

I'm a little pumpkin

I'm a little pumpkin,

Orange and round.

You can talk to me

I can't make a sound.

But if you scoop me out

And put a candle in,

Carve me a face,

I can grin and grin!
